Dear Mr Jones

Connection to The Public Sewerage System Section 106 Of The Water Industry Act 1991

Location: New Garage, 21c Roundhill Road, Hurworth, DL2 2ED

Thank you for your application for connection to the public sewer at the above address.

Approved 1 indirect surface water connection from/serving proposed development (1 garage) into existing 225mm diameter surface water sewer to the east of the site, via connection to existing manhole 3501 as proposed (connection is via existing private drainage). Flows comprised of unrestricted surface water from the development.

You have selected Option 2 on the application form, stating that you would like to make an indirect foul only and indirect surface water only connection to the public sewer via an existing private sewer.

Please note, permission from the private sewer owners should be obtained before any connections are made and it is the responsibility of the applicant to gain any rights to carry out any works required to connect to the existing public sewers situated on third party land.

Once this connection has been made, please notify us at the above address of the date the connection was made.

Should you require any further assistance or information, then please do not hesitate to contact me at newdevelopmentsewerage@nwl.co.uk or alternatively on 0191 4196591. Please quote our reference number above in any future correspondence regarding this matter.

Yours sincerely

Bryonie Coleshaw
