A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:
