Subject: Re: Planning App. 21/00306/FUL for Consultation

Warning External

Reference your request for comment relating to planning application 21/00306/FUL (for consultation), Demolition of existing industrial buildings and proposal for new residential development at the former depot site - Land to the south of Mill Lane Former Direct Services Depot Unit 2 Mill Lane Bolsover S44 6NP. We note that this proposal will impact on the route of Bolsover footpath 28 and a short section of Bolsover footpath 29. Providing the changes to the footpath referred to above are dealt with in a formal manner, i.e., creation of a DMMO for both paths, then we would have no objection to make. We would request that every effort is made to ensure disruption of access to the footpaths is kept to a minimum.

By way of comment, we are pleased to note that the footpaths Bolsover FP 28 and 29 are clearly shown to have been given appropriate consideration during design of the project and that the routes of said footpaths are clearly shown on the associated drawings.

We thank you for providing CNEDRA with the opportunity to comment on this matter.

Kind Regards

Mel Hardy Footpath secretary CNEDRA Chesterfield and North East Derbyshire + Bolsover Ramblers Association.
