4. Description of Proposed Works

Please describe the proposed works:

The proposal seeks to replace the existing leaded sashes with new sashes that incorporate conservation style glazing bars to the front and rear elevations at the above address. The current leaded sashes have a number of defects and issues that the supplier has been unable to remedy and now requires an alternative sash with glazing bars to resolve these issues. Only the sash component of the window will change. All other parts of the window including frames will remain. All new sashes will match the existing style, colour, sizes, proportions, and materials of the existing windows, other than the leading detail will be replaced by glazing bars. The new sashes will have better thermal properties than the existing and additionally conform to building regulations. The glazing bars are from the same manufacturer's range and so will maintain a unified appearance to the rest of the window. The glazing bars are of conservation style appearance and there are a number of similarly-styled houses on the Moor Park Estate that have glazing bars. A sample window including the proposed sash is available for inspection. A copy of the supplier's brochure is also included with the planning application. The impact on the Moor Park Conservation Area is neutral.

Has the work already been started without consent? Yes No

5. Materials

Does the proposed development require any materials to be used externally? Yes No

6. Trees and Hedges

Are there any trees or hedges on your own property or on adjoining properties which are within falling distance of your proposed development? Yes No

Yes No

11. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
