11. roui Sewage	12. Assessment of Flood Risk
Please state how foul sewage is to be disposed of:  Mains sewer Cess pit	Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and
Septic tank Other	consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)
Other	Yes You
Package treatment plant	If Yes, you will need to submit a Flood Risk Assessment to consider the risk to the proposed site.
Are you proposing to connect to the existing drainage system?	Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)? Yes No
if Yes, please include the details of the existing system on the application drawings and state references for the plan(s)/drawing(s):	Will the proposal increase the flood risk elsewhere? Yes No
	How will surface water be disposed of?
	Sustainable drainage system Existing watercourse
	Soakaway Pond/lake
	Main sewer
13. Biodiversity and Geological Conservation	14. Existing Use
	Please describe the current use of the site:
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable	
likelihood that any important biodiversity or geological conservation features may be present or nearby and whether	
they are likely to be affected by your proposals.	
Having referred to the guidance notes, is there a reasonable	is the site currently vacant?
likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to	if Yes, please describe the last use of the site:
or near the application site?	
a) Protected and priority species:	
Yes, on the development site	
Yes, on land adjacent to or near the proposed development	Miles alid this year and it is a way
☑ No	When did this use end (if known)? DD/MM/YYYY
b) Designated sites, important habitats or other biodiversity features:	(date where known may be approximate)
Yes, on the development site	Does the proposal involve any of the following?  If yes, you will need to submit an appropriate contamination
Yes, on land adjacent to or near the proposed development	assessment with your application.
☑ No	Land which is known to be contaminated? Yes No
c) Features of geological conservation importance:  Yes, on the development site	Land where contamination is suspected for all or part of the site?  Yes No
Yes, on land adjacent to or near the proposed development	A proposed use that would
No No	be particularly vulnerable to the presence of contamination?
15. Trees and Hedges	16. Trade Effluent
Are there trees or hedges on the proposed development site?	Does the proposal involve the need to
And/or. Are there trees or hedges on land adjacent to the	dispose of trade effluents or waste?  Yes No  If Yes, please describe the nature, volume and means of disposal
development or might be important as part	of trade effluents or waste
of the local landscape Character?	
If Yes to either or both of the above, you <u>may</u> need to provide a full Tree Survey, at the discretion of your local planning authority. If a	
submitted alongside vous application. Vous least along the should be	
contain, in accordance with the extremt 'Posess', Target In accordance with th	
design, demolition and construction - Recommendations'.	Version 2018.1
