5. Description of the Proposal

Please describe details of the proposed development or works including any change of use.

If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.

Dr and Mrs White bought the site in 2019. The applicants are retiring and will move to the proposed house for a change of lifestyle.

The applicants have a long-held aspiration to create a self or custom-built home in a form that will support them throughout their years of retirement. They have a deep interest in sustainable development and sustainable living and wish to create an affordable, comfortable, low-energy home with a significantly reduced carbon emissions and reduced environmental impact, whilst also meeting their practical needs – both today and in the future. The aspiration is for the house to achieve the Passivhaus Standard.

Has the work or change of use already started?

☐ Yes ☒ No

6. Existing Use

Please describe the current use of the site

The existing dwelling is positioned 2.8m above the street level with a steep external staircase leading to the front door. The grounds are screened by existing (non-native) trees that are overgrown and overshadow the existing dwelling. A steep ramp and another staircase lead to the back garden. As such the existing dwelling does little to address the street and would poorly serve elderly owners carrying shopping during icy winters.

Is the site currently vacant? ☐ Yes ☒ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.
