**Statement**

## **Statement**

The Square | Ryhall, Stamford | PE9 4HJ

01.06.2021

### **Introduction**

This is a statement covering the design concepts; principles and access issues are submitted along with the drawings.

The above application is supported with this document.

The application aim is to convert the existing butcher shop into a fish and chip shop.

We then propose a single storey extension to the existing property. This will be used as a convenience store.

A **convenience store, convenience shop, or corner shop** is a small retail business that stocks a range of everyday items such as coffee, groceries, snack foods, confectionery, soft drinks, and tobacco products.

We feel this will benefit the area vastly, as there is not a store close by.

This will help with employment too.

As you can see from the plans, the building has been designed carefully to consider its surroundings.

We welcome any changes to the design. Our aim is to work with the council in concluding an acceptable scheme – based on what we have submitted.

I hope to hear positive feedback.
