Hello Jonathan,

Please find photo's of the framework of our cottage, now that all the render has been removed for your inspection.

As you can see from the photo's, there has been some work done in the past to the front room and kitchen area's. This work was carried out in the 1950's to 1960's. The rear end of the property had a new "sole plate" fitted. The rest remains the original timber.

Any further assistance I can be, please contact me on [REDACTED] and I will be glad to help.

Kind regards,

Mark Vine.
