

**NOTES:**

1. All works to be carried out in accordance with the Building (Scotland) Regulations 2004.
2. All drainage to be laid, connected and tested to the entire satisfaction of the Local Authority.
3. All Electrical work to be designated, constructed, installed and tested in accordance with BS7671 : 2008 and the 17th edition of the IEE regulations.
4. All dimensions to be checked and verified on site prior to commencement of work and/or the manufacturer of components and ordering of materials.
5. Only new and approved materials to be used.
6. Where appropriate the relevant British Standards and Specification and/or The British Standards Code of Practice will apply.
7. No high alumina cement to be used.
8. No notching of floor joists.
9. Do not scale of this drawing, use figure dimensions only. Check dimensions on site, report any discrepancies to the Surveyor before proceeding.
10. The Surveyor is not responsible for supervising the construction works.
11. No part of the works will go out with the boundary of this site.
12. No asbestos substances are to be specified or used in this project.
13. All building materials must be safely stored away from public passage (it is unacceptable for materials and associated building equipment to be left unattended in a public area). Always comply with the CDM regulations and Health and Safety at Work Act.
14. Demolition works to be carried out to BSCP 6197 : 2000
15. All timber to be pre-treated.
16. Scaffolding is to be erected, used and maintained in accordance with B.S 5973.
