Further to my visit to inspect five trees, please find my recommendations below.
Please note the inspection was visual from ground level only on a dry day.

T1 – Large Oak Tree, at front of property overhanging boundary wall and road, previously shed large limbs causing damage, removal is recommended.

T2 – Large Conifer Tree at front of property overhanging boundary wall and road, removal is recommended.

T3, T4 & T5 – Large Conifer Trees at front of property overhanging wall and boundary, obstructing growth of Rhododendron hedge, removal is recommended.

Please find application and plans enclosed.

Kind regards
Andrew Smith
