Notes

1. All levels and dimensions are to be checked on site prior to commencement. All dimensions are in metres unless stated otherwise.
2. Any discrepancies shall be reported to the architect and/or engineer immediately, so that clarification can be sought prior to the commencement of works.
3. This drawing shall be read in conjunction with all other relevant architect and engineering details, drawings and specification.
4. All works to be in accordance with the Specification for Highway Works.
5. All works are to be carried out in accordance with Southwark council's guidance and Manual for Streets.
6. Refer to Statutory Undertakers records for details of apparatus present within the construction areas. Chambers are to be adjusted where required to match new levels. The main contractor is to coordinate all diversionary works.
7. It is the responsibility of the main contractor to undertake traffic management in accordance with Chapter 8 of The Traffic Signs Manual. The main contractor is to agree traffic management for the contract with Southwark Council Highway Department prior to commencement of the Works.
8. The contractor is to complete the Section 278 Works within the existing highway boundary. There is no agreement with adjacent landowners for use of their property.
9. On completion the contractor is required to carry out an as-built survey of the completed highway works.
