

Notes

1. All levels and dimensions are to be checked on site before any work commences. All dimensions are in metres unless stated otherwise.
2. Any discrepancies shall be reported to the architect and/or engineer immediately, so that clarification can be sought prior to the commencement of works.
3. This drawing shall be read in conjunction with all other relevant architect and engineering details, drawings and specification.
4. All works to be in accordance with the Specification for Highway Works.
5. Refer to Statutory Undertakers records for details of apparatus present within the construction areas. Chambers are to be adjusted where required to match new levels. The main contractor is to coordinate all diversionary works.
6. The contractor is to complete the Section 278 Works within the existing highway boundary. There is no agreement with adjacent landowners for use of their property.
