Good morning.

Following on from my email below, I'm going to drop off the hard copy planning application to you today. How do I pay the fee, and how much is it please?

Kind regards

Good afternoon.

Following on from my conversation this morning with Michael, my wife wants to run a small dog grooming business from our garage (2 to 3 dogs per day).

No works are required to the garage, and nothing at all will change in terms of external appearance.

There is an off street parking space available for people dropping off and picking up dogs as necessary, although it is envisaged most people will arrive and leave on foot.

Please confirm planning permission is not necessary.

If you require any further details please do let me know.

Kind regards

Karl Haycock
