**Further Information:**

It's important that you understand the following implications of whether or not you submit a representation to the local planning authority about the proposed development:

- If **any** of the owners or occupiers of any adjoining premises object to the proposed development, then the local planning authority **will** assess the impact of the proposed development on the amenity of any adjoining premises, and must take into account all representations made as a result of this consultation letter. The local planning authority will then decide either to give prior approval to the developer for the proposed development or to refuse prior approval for the proposed development.
- If **none** of the owners or occupiers of any adjoining premises object to the proposed development, then the local planning authority will **not** assess the impact of the proposed development on the amenity of any adjoining premises. The local planning authority will then confirm to the developer that prior approval is not required for the proposed development.
