Dear Manoj

Thank you so much for the recent chance to come to Wiverton Hall.  
It's a truly lovely venue in a different style to many Midlands venues and it is certainly unique in the local area.  
In addition, Wiverton Hall, due to its layout, offers the opportunity to plan weddings of a size that many other local venues cannot offer.

I wish you every success with your planning application as it would be a fantastic addition to the Wedding Venues in Nottinghamshire.

As the wedding industry recovers from the effects of the pandemic, I feel that weddings at Wiverton Hall would also really help to support my business and lead to additional staffing needs for local people and purchases of ingredients and equipment from other local companies.

If I can be of any help with your application then please do let me know.

We hope to work with you in the near future.

Dear Manoji

Re: Wiverton Hall and Bennington Blooms

Thank you so much for showing me the beautiful Wiverton Hall and I feel very lucky to meet with you and am excited that your stunning home may soon be providing our mutual couples with the warmest welcome and stunning setting for their special day.

I feel the welcome that you gave myself and my colleague shows the quality of service that will be provided whilst being respectful of the natural and stunning location of Wiverton Hall and showing off something very special and much needed in this local area.

The quality of your home shows that it is special intimate setting and will attract a respectful and higher end of couple to your venue. Much like the stunning Allington Manor who caters for the same number of weddings that you would hope for and in much less built up area.

Bennington Blooms would be delighted to provide your couples with our services and anticipate requiring at least two part time local teams members being needed to fulfil the number of weddings you hope for on an average spend for wedding flowers, styling and hire items.

Covid has decimated the wedding industry for a year. I feel that Wiverton fills a gap in the local market, whilst providing myself and my team with a much-needed income, and two new vacancies should you choose to work with us and your plans come to fruition.

If we can be of any assistance with your planning application or you require any further clarification, please do not hesitate to contact me.

Having had the privilege of seeing, and performing at, Wiverton Hall recently, I would like to express my admiration for the potential that this enterprise offers to the wedding industry.

The industry desperately needs more venues of this size and quality. There are few with such potential, capable of filling this pitiful gap in the market.

We are intimately familiar with neighbouring Langar Hall, a venue of similar size and historic connections, having performed for their weddings and in-house events, numerous times. We held our own wedding reception there. Wiverton Hall has similarly charming, quality, intimate spaces.

The arrangement of rooms within the hall offers the perfect spaces and flow for the celebration of marriage. The outside spaces are glorious, with far-reaching, open views.

We would highly recommend this venue, when it becomes available, and we hope to perform there many times in the future.

Dear Manoj

Thank you for the guided tour of your magnificent historic home. What a perfect location for a fairy tale wedding. It is truly a spectacular venue, which is certainly unique in the local area. I would have never known that such a building was on my doorstep. I really hope you are successful with your planning application as it would be a fantastic addition to the wedding venues in Nottinghamshire.

Our wedding industry has suffered so much during the pandemic and a new local venue would be a huge relief. My company and I would be delighted to be associated with Wiverton Hall.

Dear Manoj

Thank you so much for the recent chance to come to Wiverton Hall. It's a truly spectacular venue which is certainly unique in the local area. I really hope that you are successful with your planning application as it would be a fantastic addition to the Wedding Venues in Nottinghamshire.

As the wedding industry generates £14.7Bn, new venues such as Wiverton are of great benefit to the industry, local suppliers and the UK economy.

Each wedding will create many jobs for the local area - Photographers, Videographers, Florists, Mua's, Hair stylist, Event planners, venue dressers, Musicians, Stationers, Caterers, Entertainers, Dress and suit suppliers, transport, accommodation etc.

By approving the application, it will provide those - myself included - that have been severely impacted over the past year, an opportunity of employment and the additional spend in the local economy.

If I can be of any help with your application then please do let me know.

I hope to work with you in the near future.

Yours sincerely,

Frankie Salkeld
