

Appendix C: Tree Location Plan

St.Swithin's, Sproatley, East Yorkshire HU11 4PR

Key

-  **Low Risk Tree** – tree requires no further attention or only minor pruning work prior to the next inspection cycle
-  **Medium Risk Tree** – tree requires either remedial work prior to the next inspection cycle or an increased inspection frequency
-  **Higher Risk Tree** – tree with serious structural defects which require substantial reduction, removal or regular inspections
