Subject: Application Ref PP-09690567v1

Good morning

I submitted the above planning application for vehicle access and a new drive. I was a bit confused by the Certificate B section, about the land owner. Obviously we own the house, garden etc., where the new drive will go but we don't own the grass verge over which the new vehicle access would be going, so I put WDC as the land owner. I'm not sure this is right, and will it hold up the application?

Kind regards
Jo Bayliss
