Tree Works at 2 Heath Drive, EN6 1EH

T1 Willow Reduce by 3M - The neighbours are complaining about the size of the tree. Reducing it will also help to maintain the size and shape of the tree while also allowing more light into the gardens.

G1 3 Silver Birches Reduce by 1.5M - Reducing these will allow more light into the garden while also maintaining the size and shape of the trees as they are quite close to the property.

T2 Prunus Reduce by 2.5M - The Prunus is quite close to the proper so the owners would like to maintain a healthy size and shape to the tree to prevent it encroaching on the house.
