

- ① Breathable limecrete floor and crushed glass insulation to habitable accommodation. Use Ty-Mawr system or similar.
- ② External walls of habitable space lined and insulated using breathable system
- ③ Sloping section of roof over habitable area to be lined and insulated with breathable system.
- ④ Roof to have new Type 1F felt installed across top of existing rafters. Roof to be ventilated to areas where insulated ie over habitable accommodation. Existing roof covering to be reinstated following the installation of the roofing felt. All as approved under details submitted for discharge of planning condition 5 relating to planning and listed building application references 89_P0805 and 89_P0806. Refer to letter from East Devon District Council dated 16th January 2013.
- ⑤ Collars of existing trusses raised to achieve requisite headroom across area of habitable first floor accommodation. This is in lieu of the previously approved proposal of raising the entire roof structure and external walls to achieve the requisite internal headroom.
- ⑥ New lath and plaster ceiling over first floor habitable areas
- ⑦ Insulation quilt to horizontal sections of ceiling
- ⑧ Approx line of raised roof structure and external walls as originally approved under planning and listed building application references 89_P0805 and 89_P0806 and details relating thereto discharging condition 5 of these consents in letter from East Devon District Council dated 16th January 2013.

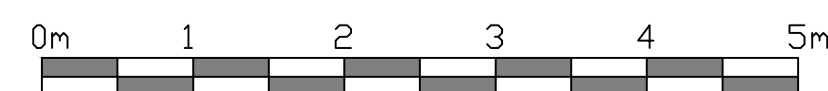

Works shown thus approved under extant planning and listed building application references 89_P0805 and 89_P0806. These works are deemed by the applicant to be extremely harmful to the character and setting of the listed building and, by virtue of the proposed works, including those to the farmhouse, if approved, will not need to be implemented.
