19 July 2021

Subject: Support/no objection to proposed rear single-story extension at 25 The Heythrop, CM4 9HG.

To whom it may concern

We have been made aware of our neighbours proposal for a single-story rear extension to their existing rear extension at 25 The Heythrop. We write to confirm that we have no objection under the 'larger home extension permitted development' rights as the extension will have no material impact on our property, especially as this extension is taking place to the rear of their property and we reside over the road to the front elevation of their property.

Prior notification will be required as the combined depth from the original rear wall will be about 6m and we will be happy to confirm our acceptance when we are formally consulted on the application.
