To whom it may concern,

No objection to proposed single storey rear extension at 25 The Heythrop, CM4 9HG.

We have discussed with our neighbours their proposals for a single storey extension to the existing rear extension at 25 The Heythrop and write to confirm that we have no objection in principle to this under 'larger home extension permitted development' rights as the scheme will have no material impact on our property.

Prior notification will be required as the combined depth from the original rear wall will be about 6m and we will be happy to confirm our acceptance when we are formally consulted on the application.

Please feel free to contact us at [REDACTED] should you have any queries.

Kind regards
