

19TH JULY 2021

TOM PARKINSON
PRINCIPAL PLANNING OFFICER
PLANNING + DEVELOPMENT,
TRAFFORD TOWN HALL,
STRETFORD M32 0TH

ANGELA CATTERMOLE,
21 MEADOWGATE,
URMSTON, M/JCR
M41 9LB.

ERECTION OF CHILDREN'S NURSERY
NEW APPLICATION NUMBER 103260/PUL/21

I STAND BY ALL POINTS LISTED ON LETTER UNDER—
THE HEADING "DETRIMENTAL OBJECTIONS".

I AM TOLD THAT IN THIS SECOND APPLICATION — THE
STABLES ARE AWAY FROM THE PROPOSED NURSERY — BUT ALL
OTHER POINTS FOR SAFETY + CONSIDERATION TO EXISTING
PROPERTIES STILL APPLY.

WARNINGS BY INSPECTORS + PRE-SURVEYORS ARE TAUSTED
TO SEEK OUT FUTURISTIC PLANS IN NEW DEVELOPMENTS,
"A BERFAN" DEMONSTRATED, ONLY CONSIDERING THE PRESENT +
IGNORING SCIENTIFIC EVIDENCE THAT CLIMATE CHANGE IS
'NO FAKE NEWS'.

UNCERTAINTY + STRESS CAN BE SOLVED IN AN INSTANCE
BY A "LAW OF PROTECTION" WHICH IS THE VERY DEFINITION
OF THE TERM "FLOODPLAIN" — AVOID TRAGEDIES + STRESS
FOR PLANNING OFFICERS BY PROJECTING AHEAD THEREBY LIFTING
THEIR ESTEEM + RESPECT IN THE COMMUNITY

I MIGHT ADD, ALL THE HOUSES BORDERING THE
FLOODPLAIN WILL BE AFFECTED IF WE GET THE RAIN UNEXPECTEDLY
AS WITNESSED IN GERMANY! LEAVE WELL-ALONE THE AREA, FOR
NATURE TO DRAIN NATURALLY.

ANY BUILDINGS/CAR PARKS, EXACERBATE WEAKNESSES
FOR FLOODING.

Yours Sincerely
