Details

SELBORNE SU 79 NE 2/9 Stable and Oast 20 metres west of Wick Hill Farm House

GV II

Stable, with attached oast. C17, C18. The frame is exposed along the north elevation, with brick nogging, the eastern section being boarded: other walling is boarded, with openings on the south elevation. 1/2 hipped roof, oasts roofless. Long narrow timber-framed structure, connected to a pair of oasts at the west (and north) side. The coupled circular oasts are linked to each other, and to the stable by a short wall, the lower part of malmstone and the upper of brickwork, topped by a dentilled eaves band. The stable seems to have been the original farmhouse, hence included for group value.
