

EcoSystem Services Statement

Sitename: County Hall

Address: St Annes Crescent, Lewes, BN7 1UE

Date: 24th May 2021

Introduction: The installation of solar PV arrays and battery storage at this site is in line with East Sussex County Council's commitment to a target of net-zero carbon emissions by 2050 or earlier. Renewable energy will be a key mechanism to achieve this goal and to improve the whole-life costs of our buildings. This project supports the achievement of our 13% year on year carbon reduction target as stated in our Climate Emergency plan:

[Climate change – what we are doing – East Sussex County Council](#)

Ecosystem Services Actions	Policy SD2 criterion
Generation of renewable zero carbon electricity. Estimated carbon savings from the project = 8.5 tonnes per year	e) Improve the National Park's resilience to, and mitigation of, climate change SD45: Green Infrastructure SD48: Climate Change and Sustainable Use of Resource i) Reduce levels of pollution SD45: Green Infrastructure
