Dear Josh

Thank you for submitting applications for tree works for Orchards Way. Before I can register your applications please could you clarify the following:

28 Orchards Way - Cedar

Section 1 Trees Location – The trees location has been stated as 28 Orchards Way, please could you confirm the tree is located at the piece of land opposite 54 – 64 Orchards Way and I will manually update the location to show the tree in the correct area. - **CONFIRMED.**

Section 4 The “yes” box has been ticked to indicate that there is alleged damage to property but the required report from an engineer or surveyor has not been provided. Please could you email me the report and I will add it to your application or confirm the “yes” box was ticked in error. - **TICKED IN ERROR.**

14 Orchards Way – Pine

If you are only intending to remove only deadwood from the tree, this is classed as exempt works and permission is not required from the local authority. If you are intending to remove any live material an application will need to be submitted to request this. Please could you confirm you will not be removing any live material from this tree? - **WE WILL JUST BE DEADWOODING.**

Section 1 Trees Location – The trees location has been stated as 14 Orchards Way, please could you confirm the tree is located at this address or the location shown on the plan which is Land to The Front of 27-29 Orchards Way Southampton. - **NO APPLICATION NECESSARY AS ONLY DEADWOODING.**

I have attached your applications should you need to refer to them.

Your application for 30 Orchards Way is OK and I will send you your acknowledgement letter when I have registered your application. - **CONFIRMED THAT THE TREE IS LOCATED at Land to The Front of 27-29 Orchards Way Southampton as per your plan.**

Regards, Sarah

Sarah Dennis
