27 July 2021

Dear Sir/Madam,

Clarification of the Declaration of ICNIRP Compliance Issued as Part of the Planning Submission Attached for the Following:

Ref: CTIL113514 / VF019248 / TEF069241
Address: Telecommunications site at Parkhill Road, Near Granite Hill TCE, Aberdeen, AB22 8AT
NGR: 390812, 810068

I refer to the Declaration of Conformity with ICNIRP Public Exposure Guidelines (“ICNIRP Declaration”) sent with this submission in relation to the proposed telecommunications installation at the above address.

The “ICNIRP Declaration” certifies that the site is designed to be in full compliance with the requirements of the radio frequency (RF) guidelines of the International Commission on Non-Ionizing Radiation Protection (ICNIRP) for public exposure, as expressed in the EU Council recommendation of July 1999, and the subsequent update in 2020.

This ICNIRP declaration takes into account the cumulative effect of the emissions from the proposed installation and all radio base stations present at, or near, the proposed location.

The radio emission compliance calculation is based upon the maximum possible cumulative values.

All operators of radio transmitters are under a legal obligation to operate those transmitters in accordance with the conditions of their licence. Operation of the transmitter in accordance with the conditions of the licence fulfils the legal obligations in respect of interference to other radio systems, other electrical equipment, instrumentation, or air traffic systems. The conditions of the licence are mandated by Ofcom, an agency of national government, who are responsible for the regulation of the civilian radio spectrum. The remit of Ofcom also includes investigation and remedy of any reported significant interference.

The telecommunications infrastructure the subject of this submission accords with all relevant legislation and as such will not cause significant and irremediable interference with other electrical equipment, air traffic services or instrumentation operated in the national interest.

If you have any further enquiries concerning the “ICNIRP Declaration” certificate or anything else in this letter, then please contact Cornerstone Community Consultation and EMF Enquiries at community@cornerstone.network

In the first instance, all correspondence should be directed to the agent.

Cornerstone ICNIRP Declaration with Clarification Letter V.3 – 21/04/2021
The updated ICNIRP Guidelines published in March 2020 are covered by this declaration.

Registered Address:
Cornerstone Telecommunications, Infrastructure Limited,

Declaration of Conformity with ICNIRP Public Exposure Guidelines
(“ICNIRP Declaration”)

Vodafone Limited
Vodafone House
The Connection
Newbury
RG14 2FN

Declares that the proposed equipment and installation detailed in the attached planning submission at the following address:

Ref: CTIL113514 / VF019248 / TEF069241
Address: Telecommunications site at Parkhill Road, Near Granite Hill TCE, Aberdeen, AB22 8AT
NGR: 390812, 810068

is designed to be in full compliance with the requirements of the radio frequency (RF) public exposure guidelines of the International Commission on Non-Ionizing Radiation Protection (ICNIRP), as expressed in the EU Council recommendation of 12 July 1999 * (and the subsequent update in 2020) “on the limitation of exposure of the general public to electromagnetic fields (0 Hz to 300 GHz)”.

* Reference: 1999/519/EC
