Dear Ian,

### **Canopy Classroom**

I wanted to write to confirm that Natural England do not object to the proposals outlined in the Canopy Classroom Appraisal documents received on 11<sup>th</sup> January 2021.

Natural England are the government's adviser for the natural environment in England, helping to protect England's nature and landscapes for people to enjoy and for the services they provide. Natural England work closely with the London Borough Bexley to ensure the SSSI's geological interest is managed and the surrounding natural environment is enhanced.

The project offers a chance to utilise the footprint of the existing depot to improve people's access to the natural environment and their learning about it.

From the ecological appraisal and stage 0 report supplied Natural England believe there is not likely to be any impact on Abbey Wood SSSI and its notified features which can be found on [designated sites view](#).

Yours Sincerely,

Louise Crothall  
Team Leader  
Thames Solent Team
