

Legend	
Surface Water	Description
	New surface water sewer
	New surface water concrete ring manhole
	New headwall
	New cellular storage
	Attenuation basin
	Existing surface water sewer
	Existing surface water sewer manhole
Foul	Description
	New foul sewer
	New foul concrete ring manhole
	Existing foul sewer
	Existing foul sewer manhole
	Foul Pump Chamber
Other	Description
	Site boundary
	Overland exceedance route

**HEALTH, SAFETY & ENVIRONMENT**

It is the responsibility of the client to ensure that those undertaking the works are competent and experienced in the type of work to be undertaken.

In addition to the hazards usually associated with the types of work detailed on this drawing, the following specific hazards have been identified through design risk assessment. The planning and execution of the works should take into account all usual and specific hazards.

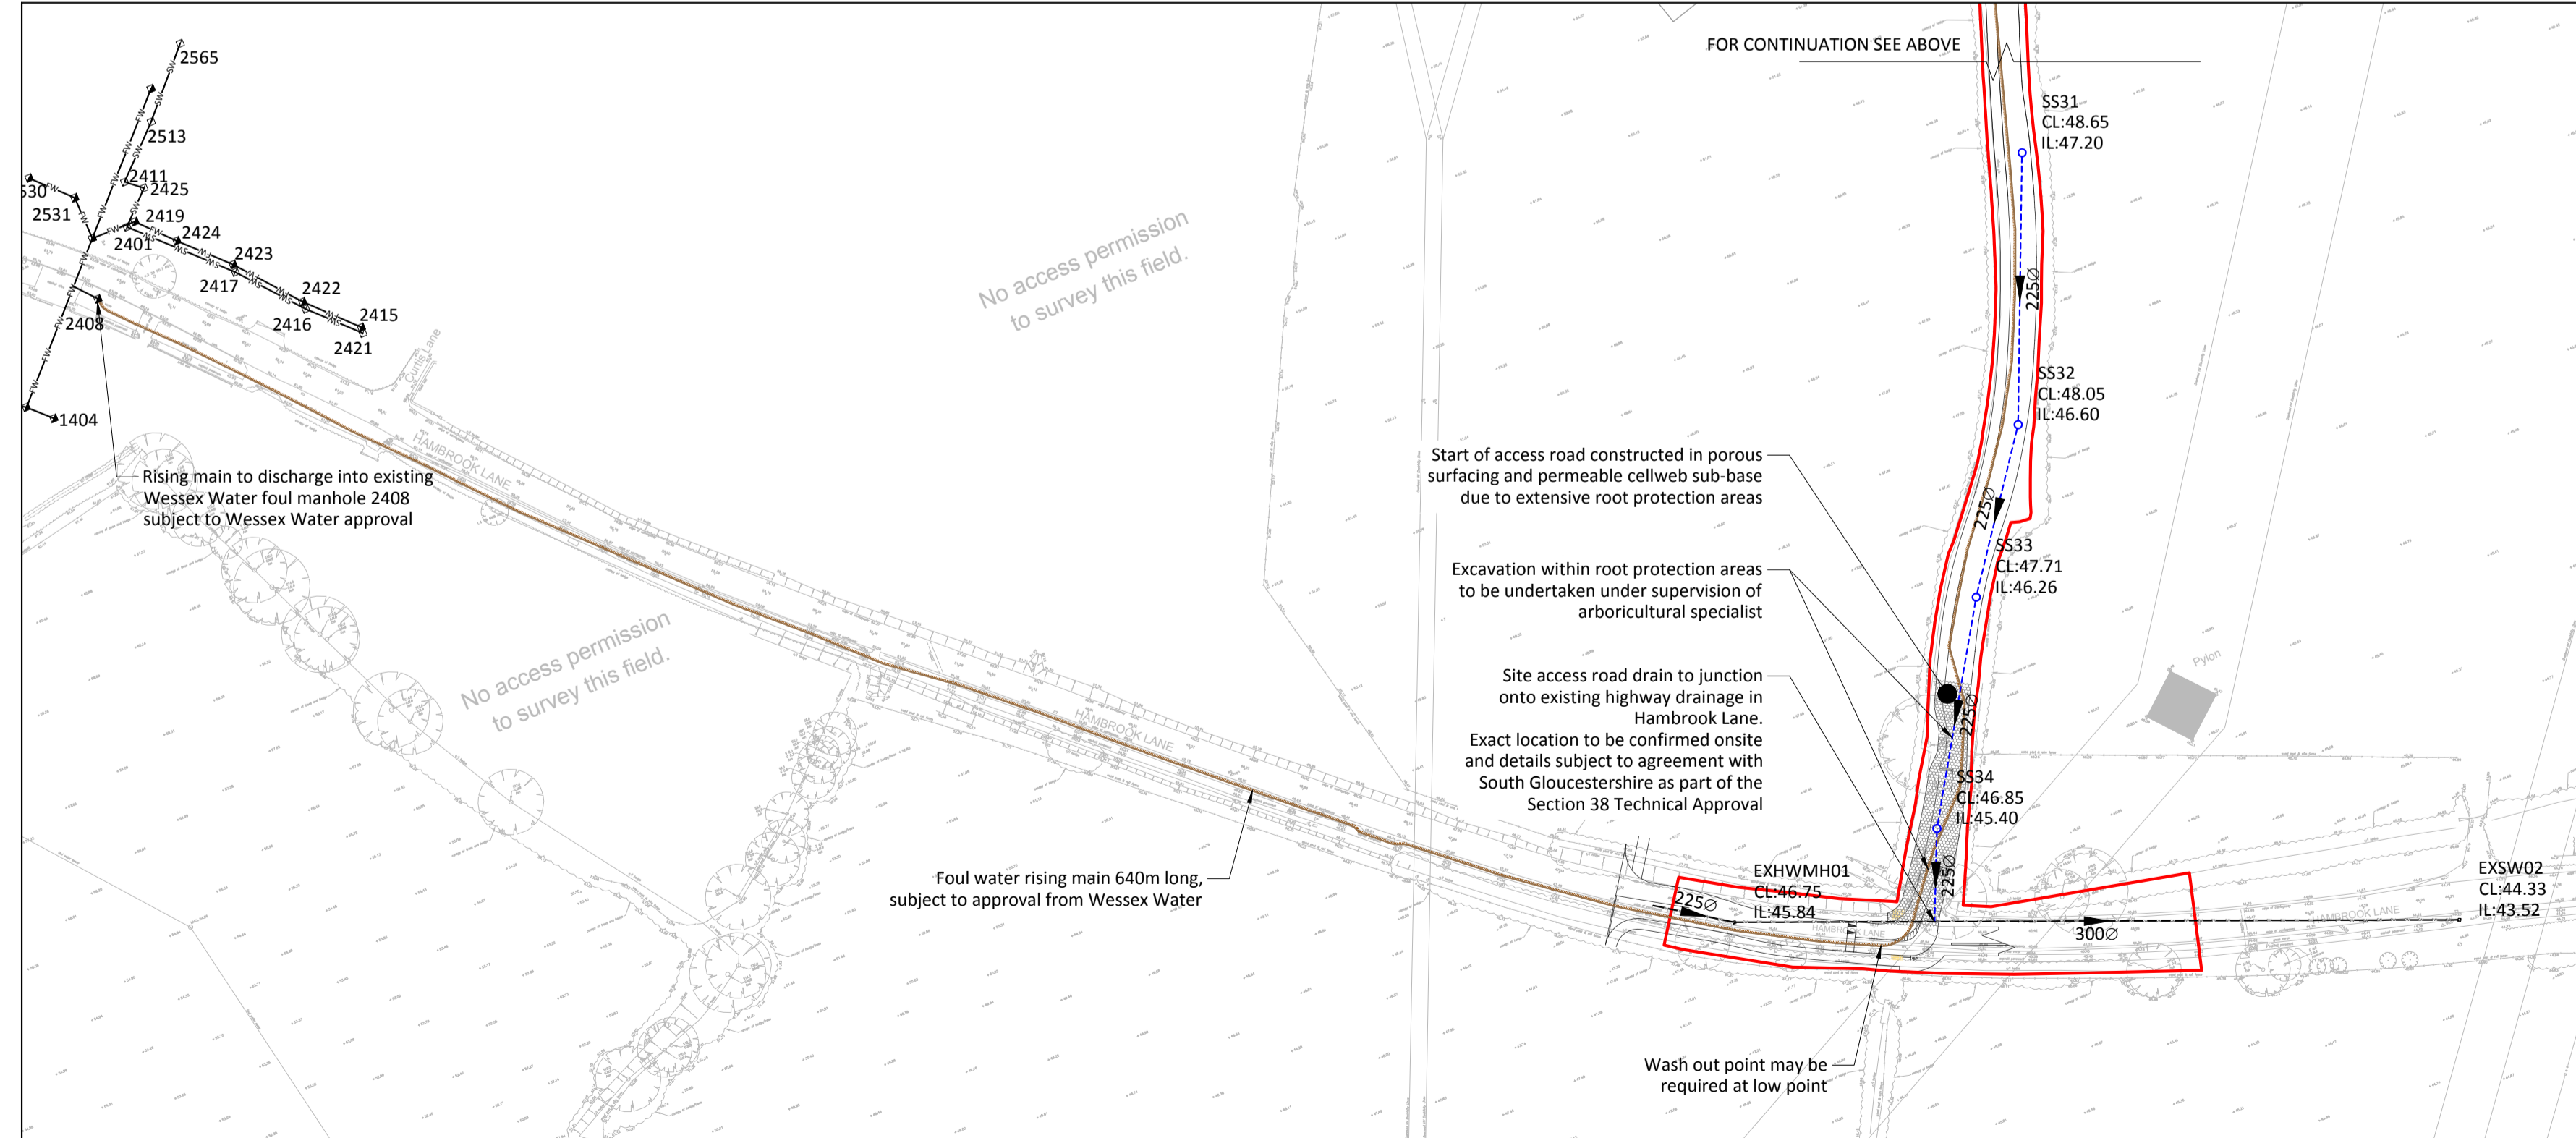

Hazards should also be taken into account in the maintenance, operation, decommissioning and demolition of the works.

None identified

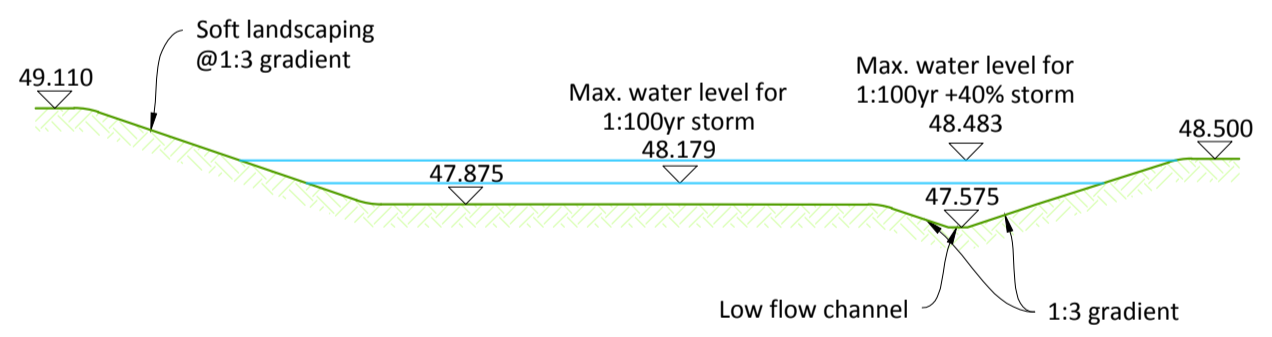

**NOTES**

- All dimensions are in millimetres (mm) and levels in metres Above Ordnance Datum (mAOD) unless noted otherwise.
- The copyright in this drawing belongs to Structa LLP; the designs and details may not be used on any project other than that indicated in the titleblock.
- Where CAD or BIM files of the drawing are issued, they are provided for the convenience of others, and shall not be used for construction purposes or relied upon for accuracy or completeness.
