Dear Hannah

Thank your email and providing the revised drawings.

The Floor Plan and Site Plan are to scale. The proposed elevations need to have all the measurements provided on the elevations, up to the eaves e.t.c if this is the format that you are submitting these plans to us, otherwise we will need them to be redrawn to a metric scale of 1:100 or 1:50. The east and west elevations of the shed and the pergola structure need to be provided also.

We look forward to hearing from you.

Kind regards

Sonia Payne
