4b. Eligibility - The proposed change of use
For applications, submitted before 1 August 2022, proposing a change of use to Dwellinghouses (Use Class C3) from Offices (Use Class E(g)(i), previously Use Class B1(a)).  Is/Was there an Article 4 direction in place that has removed these specific permitted development rights?
Yes No / Not relevant
If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Will all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the nationally described space standard?
If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
Following the changes of use, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?
X Yes No
If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
5. Agricultural Tenants
Is any part of the land covered by or within the curtilage of the building occupied under any agricultural tenancy agreements?
☐ Yes
If yes, have all the parties to any agricultural tenancy agreements consented to the change of use?
☐ Yes ☐ No
If occupied under any agricultural tenancy agreements and:  - all parties have consented to the change of use  You will need to include copies of the written confirmations from all relevant parties, stating their consent, when this application is submitted.  - not all parties have consented to the change of use  Your proposals will not be eligible for permitted development based on the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.
6. Description of Proposed Works, Impacts and Risks
Please describe the proposed development including details of any dwellinghouses and other works proposed:
Change of use from ground floor stand alone office accommodation to residential use.  The intention subject to planning permission being granted is to combine with existing dwelling above hence no increase in dwelling house numbers.

Page 3 of 7 Version PDF 2021

6. Description of Proposed Works, Impacts and Risks (continued)
Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses:
Existing Front and rear fenestration to remain provides well above compliant levels of natural light and ventilation
What will be the net increase in dwellinghouses: 0
Note that this figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building.
Please provide details of any transport impacts and how these will be mitigated, particularly to ensure safe site access:
change of use from office to residential will decrease highway and transport loading in this highly sustainable location.
Please provide details of any contamination risks and how these will be mitigated:  none

Page 4 of 7 Version PDF 2021

6. Description of Proposed Works, Impacts and Risks (continued)
Please provide details of any flooding risks and how these will be mitigated.  A flood risk assessment should accompany the application where the site: - is in Flood Zones 2 or 3 (Check online: https://flood-map-for-planning.service.gov.uk/); or
- is in an area with critical drainage problems (Check with the Local Planning Authority, it will have been notified of such areas by the Environment Agency).
none
Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated:
Reduced noise and impact from commercial to residential
If the proposed development would result in a building that contains more than one dwellinghouse, and is either
18 metres (or more) in height or contains 7 (or more) storeys.  Please provide details of the fire safety impacts on the intended occupants of the building.  For such proposals, a 'Fire statement' that covers the fire safety design principles, concepts and standards that have been applied to the
development should also accompany the application.
single dwelling

Page 5 of 7

Version PDF 2021

6. Description of Proposed Works, Impacts and Risks (continued)
If the building is located in a conservation area, and the development involves a change of use of the whole or part of the ground floo Please provide details of the impacts that the change of use will have on the character or sustainability of the conservation area and have will be mitigated:
no impact on character of the conservation area
If the building is located in an area currently in use for general or heavy industry, waste management, storage and distribution, or a m such uses.
Please provide details of the impacts on intended occupiers of the development of the introduction of residential use in the area and
how these will be mitigated:
predominantly residential area
If the proposal involves the loss of services provided by a registered nursery, or a health centre.
Please provide details of the impacts on the local provision of the type of services lost and how these will be mitigated:
n/a
