

The image displays three architectural elevation drawings of a house, arranged horizontally from left to right. Each drawing is a line art representation showing the exterior features of the building.

- Side Elevation (Left):** Shows a two-story structure with a steep gable roof on the left side. The main body of the house has a lower roofline. A small, covered porch with a gabled roof and glass doors is attached to the right side.
- Rear Elevation (Middle):** Shows the back of the house. It features a chimney on the left side of the roof. The central part has a double door with a small overhang. To the right is a large, multi-paned garage door. Several windows are visible on both floors.
- Side Elevation (Right):** Shows another side of the house. It has a steep gable roof. A small, covered porch with a gabled roof and glass doors is attached to the left side. A single window is visible on the upper floor.

Below each drawing is a label: "Side Elevation" for the left, "Rear Elevation" for the middle, and "Side Elevation" for the right.
