

NOTES  
Do not scale from this drawing.  
All dimensions to be checked on site.  
Notify architect of any discrepancies.  
Measurements in millimetres unless otherwise noted.  
All dimensions and areas are approximate only.

CONCLUSIONS :

- The site sits in a positive area for both landscape character and habitat.
- The connectivity of our site is of great importance - the proposal connects to the wider landscape both visually and in terms of habitat connectivity and cohesion.
- The proposal creates increased diversity within an existing monoculture.
