Dear Sirs,

Re: Sacketts Grove Residential Park Application To Vary Condition

Please find enclosed a copy of the Article 13 Town and Country Planning (Development Management Procedure) (England) Order 2015 Notice for a proposed application to vary a condition on Planning Ref.: TEN/2201/88. A copy is attached for ease of reference.

You are being notified as the proprietor of the freehold interest, title number EX106888.

The variation requested is to Condition 4 of the attached planning permission; namely, the requirement that all vehicle parking shall take place solely within the existing car park area. The variation is being sought so that reasonable adjustments can be made for residents that have recognised disabilities under Section 6 of the Equality Act. The variation would allow these residents to park next to their properties.

A copy of the draft proposed application that is to be made is enclosed for your information.

Yours faithfully

ELLISONS
