Report on Trees - 27.7.21.

EMERALD GARDENS

Stump removal, tree & garden service

Damien O'Reilly

Grass cutting, hedge
trimming, garden clearance & all
tree work

EMERALD GARDENS

Stump removal, tree & garden service

Damien O'Reilly

Grass cutting, hedge
trimming, garden clearance & all
tree work

Mr. O'Reilly came to inspect the trees
T.32, T.33 + T.77 and said the following:-

- ① That T.32 was in better condition than T.33
which had been damaged + was slightly suppressed
by T.32 because of closeness of the trees position.
- ② That the Norway spruce T.77 was in fact
dying from the bottom up + would eventually
die.
