Key

- Conservation Areas
- Tree Preservation Orders
 - Individual Tree
 - Group, Woodland or Area
- Southampton City Boundary

The online mapping system shows Tree Preservation Orders and Conservation Areas for properties within the Southampton City Council boundary.

Enter the address and the property will be shown.

The blue layer refers to trees protected by Tree Preservation Orders, the red layer refers to trees protected by Conservation Area.

For more information about an individual tree, group, area or woodland select the layer on the map, view a Tree Preservation Order document select the tree layer on the map then use the 'Download TPO document' button.

The information within these map layers is indicative only. If you are intending to carry out any works to trees then you should contact the trees team first to confirm the [protection status of the tree/s](#), if you do not then you risk prosecution if the tree is protected.
