Dear Ms Dennis

Thank you for your email of 17th August 2021 and I apologise for the delay in getting back to you. I will use the same heading as you do in your email:

Section 1- the tree is located within the boundary of 90 Chalk Hill.

Section 6- I enclose herewith a plan where the trees position is indicated in red with the various branches being shown over number 88.

Section 4- I apologise for the plan sent to you, if you refer to the one you now have it should assist you rather more.

Section 5- as you can see from the photographs sent to you, the nature of the trees contains long thin low branches. The work I wish to carry out is to cut those off in line with my own boundary. You can see in the photographs I sent you that one has grown as a fork either side of a young silverbirch. In the wind its beginning to damage it and in due course will push it over.

I note the last paragraph but do not need the services of a tree surgeon or other professional. I thank you for your kindness.

Regards
Kevin O'Hara
