5. Identification of Tree(s) and Description of Works						

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
 The number used on the sketch plan); and
 A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide: - Reasons for the work; and where trees are being felled

5. Identification of Tree(s) and Description of Works						
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.						
e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.						
The Ash tree (under Tree Preservation Order 189) is diseased, some of the limbs have no leaves. I have been told by the tree specialist that it has ash dieback. I am extremely concerned that the tree will fall over and cause extensive damage to the two of the houses on Constablelee Crescent and affect the houses/gardens/conservatories especially as winter approaches. The garden as several Ash saplings that have taken root so no plans to replant a tree.						
6. Tree Ownership
