Job Specification:

Group 1 under TPO

Tree 1. Birch

Remove thin stem growing from the base of the tree

Director: Douglas Smith and Angela Smith
Tullochmuir, Tough, Alford, Aberdeenshire
AB33 8HU

Tel. 01330 833833

Email: info@futureforestry.co.uk

Registered in Scotland no 252762

Tree 2. Birch

Twin stemmed @ 0.5m with included bark and poor thin crown.

To be removed.

Director: Douglas Smith and Angela Smith
Tullochmuir, Tough, Alford, Aberdeenshire
AB33 8HU

Tel. 01330 833833

Email: info@futureforestry.co.uk

Registered in Scotland no 252762

Tree 3. Birch

Twin stemmed @ 1.5m. One stem is leaning and growing over the garage and the other stem is leaning the other way and growing over the children's play area. Poor specimen.

To be removed.

Director: Douglas Smith and Angela Smith
Tullochmuir, Tough, Alford, Aberdeenshire
AB33 8HU

Tel. 01330 833833

Email: info@futureforestry.co.uk

Registered in Scotland no 252762

Tree 4. Birch

Multi stemmed and heavily affected with Ivy. One stem leans heavily over the fence and hedge in to the neighboring property. Remove the 4 lowest branches to crown lift and give young Beech hedge room to develop, cut Ivy at the base.

Director: Douglas Smith and Angela Smith
Tullochmuir, Tough, Alford, Aberdeenshire
AB33 8HU

Tel. 01330 833833

Registered in Scotland no 252762

T10 under TPO

Tree 5 Birch

Large mature tree which is outgrowing its location, carry out a sympathetic crown reduction of approximately 20% taking the tallest part of the crown down to blend in with a naturally occurring lower crown level.

Carry out a light crown thin to take out dead wood and cross over and rubbing branches.

Director: Douglas Smith and Angela Smith
Tullochmuir, Tough, Alford, Aberdeenshire
AB33 8HU
