

The contractor is responsible for checking dimensions, tolerances and references. Any discrepancy to be verified with the Architect before proceeding with the works. Where an item is covered by drawings to different scales the larger scale drawing is to be worked to.

Do not scale drawing. Figured dimensions to be worked to in all cases.

CDM REGULATIONS 2015. All current drawings and specifications for the project must be read in conjunction with the Designer's Hazard and Environment Assessment Record.

All intellectual property rights reserved.

DRAWING NOTES:

- Existing structural information in this drawing is based on survey information provided by Malcolm Hollis on 44371 Series drawings dated Jan & Feb 2016
- Reference drawing no. 44371-E-01-02 Rev Phase 3 Elevations 4-7
- All dimensions should be subject to site measurement and verified on site prior to any works commencing on site.
- All levels are in meters.
- All cladding to be developed by cladding manufacture/supplier in accordance with design intent.
- Glazing to be developed with curtain walling manufacture/supplier in accordance with design intent.
- Drawing to be read in conjunction with all other relevant drawings and specifications.
