

PROPOSED CAR PARKING AT CLEANACRES MACHINERY LTD
HAZELTON GLOUCESTERSHIRE GL54 4DX

SITE PHOTOGRAPHS

1.

2.

1. View of entry into site occupied by Auger Torque Europe Ltd (a tenant of Cleanacres Machinery Ltd who manufacture specialist earthmoving attachments); image shows part of office building and workshop (to left) with goods vehicle access and staff car parking in forecourt and area beyond; Note: No separation of large goods and passenger vehicles with restricted circulation causing damage to parked cars
2. Additional view of service yard for goods vehicles with further workshops and car parking; Note: Heavily wooded border on earth bund screens additional land behind owned by Cleanacres where car parking is proposed to be located to provide separation between large vehicles (often with trailers) and staff car parking
