© This drawing and the building works depicted are copyright and may not be reproduced except by written permission.

The Contractor is to check and verify all building and site dimensions, levels and sewer invert levels at connection points before work starts. All work undertaken prior to official statutory approvals being granted, are at the risk of the Contractor/Client.

This drawing must be read with and checked against any structural or other specialists drawings provided.

The Contractor is to comply in all respects with the current building regulations whether or not specifically stated on these drawings.

This drawing is not intended to show details of foundations, ground conditions or ground contaminants. Each area of ground relied upon to support the structure (including drainage) depicted must be investigated by the contractor, suitable methods of foundation be provided, and any suspected contaminants on or within the ground covered by the building be further investigated by a suitable expert.
