Details of the pre-application advice received

The re-positioning of the garden shed to the other side of the garden beside the driveway would give you better access to the building. This would result in the garden shed being highly visible from the road. Our Conservation Officer considers that re-positioning the shed here would be highly obtrusive in relation to the listed building and its setting. However, she considers that the proposed increase in volume/size of the shed may be acceptable provided it is kept in the same location as was approved in 2019. I consider there may be scope to add a small woodshed alongside the garden shed if they were sensitively sited behind the listed building. The plan is to keep the garden shed in the location as agreed on the original planning consent

The domestic water treatment system to be installed will be underground and to be situated 25mtrs from the property at the rear end of the garden. This will not detract from the listed building as it will be unseen from the road and situated behind the rear of the garden shed and underground

Double glazing windows. The window frames have been bespoke made in accordance with original design in planning application which has been approved. Planning permission is requested for these to have double glazed units in the windows at the front of the house. 1 Nash Farm Cottage was given permission to have double glazed window units at the front and rear of the house and a precedence has been made.

Air Source Heat pump - The unit will be situated behind the garden shed and in front of the water treatment system. This is out of site and unseen by passers by and will not impact on the listed building.

15. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

16. Ownership Certificates and Agricultural Land Declaration

Certificate Of Ownership - Certificate A Certificate under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 & Regulation 6 of the Planning (Listed Buildings and Conservation Areas) Regulations 1990

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* 'owner' is a person with a freehold interest or leasehold interest with at least 7 years left to run. ** 'agricultural holding' has the meaning given by reference to the definition of 'agricultural tenant' in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
