10th September 2021

Dear Kammy

**Town and Country Planning Act 1990, Section 211 - Notification of Intention to carry out work to trees within a Conservation Area at 40A Hayes Way Beckenham BR3 6RS**

Thank you for your application received on 9th September 2021 in which you notified this Council of your intention to carry out the following works:

**T6 Cherry - Fell to ground level and treat stump with eco plugs to combat subsidence.**

at the above address which is situated in the Park Langley Conservation Area.

This Council now has six weeks to consider the intended works and determine whether it would be appropriate to make a Tree Preservation Order for the trees which are to be subject to the proposed works.

The six weeks will expire on 21st October 2021. The purpose of the six weeks is to allow time for this Council to fully consider all aspects of the work proposed. It also allows the opportunity for any interested persons to make representations to this Council in connection with the proposed works. The Council will take any comments received into account when determining whether to make a Tree Preservation Order.

The Council considers that it is desirable that adequate publicity is given to all applications to carry out work to trees within a Conservation Area. As such I would be grateful if you could display the enclosed notice in a position that can be seen by the passing public for the period up to and including the date shown. It would be helpful if you could confirm in writing that you have been able to do this.

Yours sincerely,

Christopher Ryder  
Principal Tree Officer
