

Re-painting of front doors

2021-09-02

Redecoration of front door and vennel door of 57 Main Street, Pathhead EH37 5PZ.

This is how the doors currently look:

Proposed colour for re-painting

We would like to re-paint the doors in the above colour after filling the cracks in the entrance door and sanding down both doors.

The Johnson Trade colours were selected, because we believe they comply with a lot of safety, legal, contractual requirements throughout the UK.
