Details of the pre-application advice received

Minesh,

I note that an application was submitted in the late 1980s for the property to be converted to a nursing home, this was refused on the grounds of lack of parking. I would imagine that the property has 2 usable parking spaces and conversion of the property to flats would have to deal with its own parking requirements given the congestion on the road currently. Experience of previous applications in this locality would suggest that objections on this basis would be received.

If you can sort the parking issue out at 1 space per flat, given that this is not an especially sustainable location, then we may be able to approve 3 flats.

This is my informal opinion, given in good faith without prejudice to any subsequent applications and I hope it is helpful.

Yes  No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
