Is the proposed operation or use ☒ Permanent ☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The above property has submitted a Certificate for lawfulness for the extension of the loft space into a rear facing dormer within 40 cubic meters. The calculation for the dormer is within the drawing files and shows that the space created is less than the permitted allowances.

It is due to this that this planning statement is in support of a 40 Cubic meter dormer at the property above given that it is terraced and that permitted development rights are applicable to the development.

The rear facing dormer will meet all the permitted development conditions for loft as it will be under 40 cubic meters created space and 20cm step back from eaves measured along the slope of the roof.
