5. Grounds for Application

Is the proposed operation or use

Permanent Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We have carefully researched the laws of permitted development and are confident that our proposal fits within the regulations. The existing conservatory actually goes out further than the proposed extension. The width does not go beyond the width of the house and the height will again be within the guidelines thus not affecting the neighbours anymore than the current conservatory. We have consulted our architect and 3 different building companies to ensure that planning permission is not required.

6. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

Yes No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent
 The applicant

(b) an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
