4. Description of Proposed Works

Please describe the proposed works:

To build a single storey brick extension to the rear of the property. I propose to extend out 3 metres across the full width of the property (5.85 metres). 17.55 m2 total area. This will allow me to add a fourth bedroom on the ground floor next to the third bedroom. This is needed as I have three children (ages 12, 4 and 3). The younger two currently share a bedroom but my 3 year old son has recently been diagnosed with autism. Not only does he need to own room but his 4 year old sister can find it difficult to sleep in the same room as him. He frequently wakes her during the night and can become quite aggressive towards her.
