To whom it may concern,

I am writing this letter in support of Jade's Childminding. I am currently a first year Msc Midwifery student and my husband runs his own small business. We have two young children and simply would not be able to do what we do without the childcare that Jade and Kathleen provide.

The care they provide is exemplary, very professional and reliable. Each day the children are given the opportunity to learn and grow through a wide variety of activities. The children are not just being "looked after" but they are nurtured in a loving environment which makes leaving them so much easier for us as working parents. My youngest had been cared for by Jade and Kathleen since he was 12 months old and the domestic setting definitely made the transition so much easier for him and one year on, he sees this as an extension to his family.

We are so fortunate to have a place at Jade's Childminding and If it is possible for more families in the local area to have access too, then I would wholeheartedly support this as I am sure it would have the same positive impact on their family's and children as it has mine.

Regards,

Janet White
