2.0 Tree Work – Specification

Tree / Tag No	Species	Age	Size	Condition	Work Specification / Justifications
876	English Oak (Quercus robur)	S/M	M	<ul style="list-style-type: none"> Two lowest branches at 1.5-1.7m gl+ on SE side pruned at 1-1.5m from stem. 4m regrowth over third party property. TPO T6 	<ul style="list-style-type: none"> Remove regrowth over third party property back to previous pruning points. Works to be carried out December – February or June – August only. Works will abate the nuisance of trespass and improve the spatial relationship of the tree to third-party property
877	English Oak (Quercus robur)	M	M	<ul style="list-style-type: none"> Obstructing vehicle access – small diameter branches. TPO T5 	<ul style="list-style-type: none"> Crown lift above ground level to 3m above drive. Works to be carried out December – February or June – August only. Works will provide reasonable clearance for vehicles using the shared driveway
878	English Oak (Quercus robur)	S/M	M	<ul style="list-style-type: none"> Branches: Overhanging third party properties on S side and in contact with shed roof. Obstructing vehicle access – minor branches TPO T3 	<ul style="list-style-type: none"> Crown lift above ground level to 4m removing secondary and tertiary branches as required. Works to be carried out December – February or June – August only. Works are required to remove a foreseeable legal nuisance issue and damage to third-party property. Height clearance above the shared driveway for vehicle access
